TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

The Island of Fidra is a rocky islet off the North Berwick coast on the southern shores of the Firth of Forth. It stands about a mile from the shore, having a lighthouse and fog-signal station erected on the north-eastern part. The island consists of two portions, connected by an isthmus, both parts being of considerable elevation. The eastern part is locally known as the Castle of Tarbet.
